

Strategic Management in Agribusiness (152075)

Course coordinator

[Prof. Mario Njavro, PhD](#)

Course description

Module introduces students with the concept of strategic management. Through the process of strategy design students get acquainted with mission, vision and strategic goal setting approach. Methods for evaluation of external factors and competitiveness as well as internal strengths and weakness are included (EFE and IFE matrix, Competitiveness matrix and PEST analysis). Different business strategies (expansion, mergers and acquisitions, diversification vertical integration) are taught together with their management aspects. Selection and strategy analysis encompasses application of SWOT, SPACE; BCG and QSPM matrices.

Module put emphasis on the modern agribusiness, EU and World food market. Case method is extensively used.

ECTS: **6.00**

English language: **L3**

E-learning: **L1**

Teaching hours: 60

Lectures: 30

Practicum: 10

Seminar: 20

Lecturer

- [Prof. Mario Njavro, PhD](#)
- [Tajana Čop, PhD](#)

Associate teacher for exercises

- [Tajana Čop, PhD](#)

Associate teacher for seminars

- [Prof. Mario Njavro, PhD](#)
- [Tajana Čop, PhD](#)

Grading

Sufficient (2): 61-70 %

Good (3): 71-80 %

Very good (4): 81-90 %

Excellent (5): 91-100%

Type of course

- Graduate studies / [MS Courses taught in English](#) (Elective course, 1 semester, 1 year)

General competencies

Acquaint students with theory and strategic management skills and know-how.. Module qualifies students to understand the way strategy is developed and implemented and to assess business strategies within companies in agribusiness.

Types of instruction

- **Lectures**
formal and informal lectures
- **Auditory Exercises**
SWOT, BCG, SPCE and QSPM matrix
- **Seminars**
Oral and written case studies analysis. Creation of strategic plan for the selected agribusiness companies in Croatia, EU or globally

Learning outcomes

Learning outcome	Evaluation methods
Critically evaluate and apply strategical management within the field of agriculture and agribusiness.	Written and oral exam.
Structurally and independently analyze external and internal factors of the agribusiness companies (chose and apply strategic management methods in creation, analysis and strategy implementation).	Written and oral exam. Case study analysis.
Solve analytical strategical decision problems within the field of agriculture and agribusiness.	Written and oral exam. Case study analysis.
Decide, create and suggest adequate strategies	Written and oral exam
Independently and in cooperation evaluate the implementation of strategies within authorities, agribusiness companies, cooperatives and farmers organizations	Written and oral exam. Case study analysis

Working methods

Teachers' obligations

The teacher should lecture in the scheduled time. Prepare and supply students with the teaching materials (readings, assignments, web pages, statistical databases and other relevant material). Communicate with the students via e-mail and e-learning platform Merlin.

Students' obligations

Attend class. Solve practical problems by submitting reports in accordance with the deadline or by providing answers through e-learning system

Methods of grading

Evaluation elements	Maximum points or Share in evaluation	Grade rating scale	Grade	Direct teaching hours	Total number of average student workload	ECTS
Attend class				40	40	1
Seminar	20%	0-60% 61-70% 71-80% 81-90% 91-100%	Insufficient (1) Sufficient (2) Good (3) Very good (4) Excellent (5)	10	40	1
Exam	80%	0-60% 61-70% 71-80% 81-90% 91-100%	Insufficient (1) Sufficient (2) Good (3) Very good (4) Excellent (5)	10	100	4
Total	100%	0-60% insufficient (1) 61-70% sufficient (2) 71-80% good (3) 81-90 very good (4)	(Exam*0.80)+(Seminar*0.20)	60	180	6

Evaluation elements	Description	Deadline	Recoupment
Seminar	Case study analysis		
Exam	Written and oral exam. Written exam could take a form of assignment in which student is should apply strategic management framework in the actual and relevant agribusiness problem.		

Weekly class schedule
